Quotes about Poland and Poles:

Publisher: KPK Manitoba
Winnipeg, April 2023

Poland is one of our closest allies and friends. Poles have something that makes a man the best kind of ally. It is a great will to defend freedom - one's own and someone else's.

I told them what an extraordinary country Poland is. In some areas and in some sense I am part of Poland because I come from Chicago. I lived in Chicago, and there, in a sense, everyone has to become Polish - unless there is something wrong with him.

CAMP COPERNICUS!

Camp Copernicus! Poles in Manitoba honored the memory of a great Pole. A lakeside resort in Whiteshell Provincial Park will be named after Nicolaus Copernicus.

All thanks to the Association of Polish Veterans from Circle No. 13 in Canada, which has its headquarters in Winnipeg. Organization owns a resort on Lake Big Whiteshell in the south-eastern part of Manitoba and decided to celebrate the 550th anniversary of the birth of the Polish astronomer, who changed the perception of the cosmos, by giving it his name.

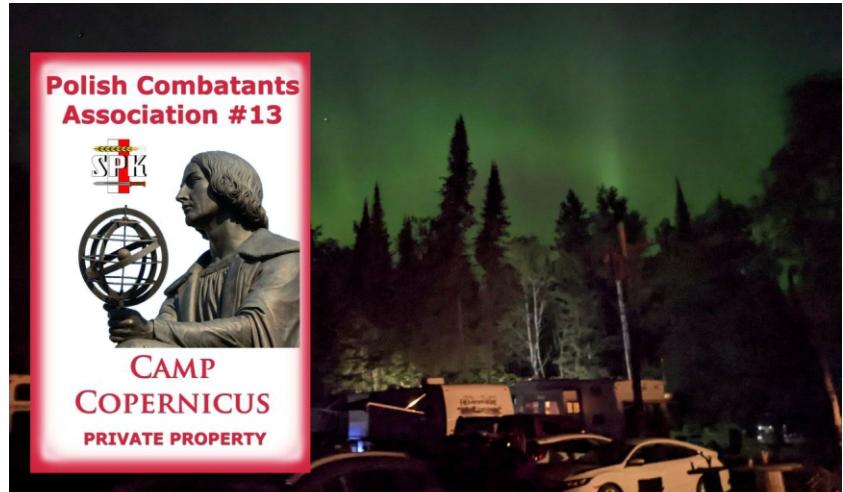

I think that he would have perfect conditions here to admire and study stars - Paweł Pecold, President of SPK 13 and vice-president of the Canadian Polish Congress in Manitoba, told the i.pl portal. - The resort is located in an area of low light pollution. Unless there is a phenomenon of the northern lights, then you can see the stars in perfect conditions.

To complete the formalities, the naming was reflected in the resolution of the general meeting of SPK members No. 13 voted on March 29, 2023.

This is a great day for the Polish community in Manitoba - rejoices Jolanta Gronowska, President of the Manitoba CPC.

- For us, every trace of Polishness is a contribution in building Poland's good name abroad and awareness of our new generations here.

For the official "baptism" of the Association's center Polish Combatants on Big Lake Whiteshell, which is currently scheduled during early summer, the whole organization invites you today Polonia from Manitoba and abroad.

„BLESS US SAINT JOHN PAUL II”

On April 2, at Holy Ghost Parish, the Polish community in Manitoba could see the exhibition "Bless us, Saint John Paul II". The exhibition, on the occasion of the 18th anniversary of the death of the Polish Pope, was organized by the Radio Maryja Family from Winnipeg. The exhibition was enriched by exhibits from the collection of the late Józef Biernacki and a collection of postage stamps from the collection of Mr. Jan Bragin. Compatriots brought to the exhibition many interesting books, films, photographs and other memorabilia from the Holy Father's visit to Winnipeg in 1984.

Next year, we will have a double jubilee of Karol Wojtyła's visits to Manitoba. He visited Winnipeg in 1969 as a cardinal and again in 1984 as the Holy Father.

APPEAL IN DEFENSE OF JOHN PAUL II

To Poles scattered around the world and those in the homeland

Recently, we have witnessed an escalation of attacks on John Paul II, which is the aftermath of the broadcasting material in Poland, a TV station with foreign capital. This unprecedented attack on the greatest Pole in history, is not accidental. The position of Poland, of Christian Poland, has become for many very uncomfortable.

The regularity and scale of actions against Poland, both internal and external, cannot remain unanswered. The attack on the saint Pole is an attack on the values that have created Poland for centuries, which allowed the generations of our ancestors to survive the cruel times of German and Russian partitions and occupations, deportations to Russian gulags and round-ups to German concentration camps. These values were linked with a metaphor, in one of his parliamentary sermons, Father Piotr Skarga, saying about Poland: "This old oak has grown so much, and no wind has knocked it down, because its root is Christ."

The depth of this millennium, from Mieszko I to John Paul II, and in particular the wisdom of the most outstanding son of our beloved homeland, it is our being and ours, this is our dimension of tasks that we must undertake and fulfill, from which we cannot evade, we cannot desert. His messages and instructions are finally an order of truths and values that must be maintained and defended, just like Westerplatte. Today, this Westerplatte, which we will defend with all our might, is the figure of Saint John Paul II. We will defend for ourselves and for those who come after us...

21 months until the millennium of the coronation of the first king of Poland

Dear Polonia,

In our daily rush, it becomes increasingly difficult for us to find a moment to stop. It's getting harder and harder to find a moment to reflect. The dynamics of events overwhelms us. We're not keeping up. In a wide stream of information, it is useful to be able to distinguish fiction from reality, lies from truth. Without real and true information, our every opinion will be subject to error. And mistakes in life are better avoided.

In the Polish tradition, Easter is a holiday of reborn hope. This hope does not always come to us by itself. Sometimes you have to reach for it. Always worth it. The events of recent years have left us hopeless, but time is passing and something new is awakening. New Hope. What is bad will pass, and truth will prevail and honesty will triumph.

The Canadian Polish Congress in Manitoba faces many challenges, but one hope that the truth will prevail. This is what I wish for each of you, dear Polonia, that hope may not be lacking in your families and that the truth will prevail. And we, as a community, should not lack solidarity and decency. This solidarity that Saint John Paul II spoke about in Gdańsk: "Never: one against the other. Ones against the others".
